## OTHER CHURCHES TO GET MEMBERS

Those Making Decisions at St. James Revival Express Preferences for Various Town Churches. Seven Denominations Named.

Almost every church in town will receive additions to its membership as the result of the revival services now in progress at St. James'. Of the 144 who have made decisions up to this time preferences have been indicated, on the cards signed, for the following denominations, Reformed, Methodist, Catholic, Presbyterian, Church of the Brethren, United Brethren and Lutheran.

At the opening of the evangelistic campaign the pastor of the church, Rev. Mr. Baker, stated that it was not to be the idea to bring about a larger St. James congregation but that the winning of converts was to be the sole purpose in view, no matter what denomination those reaching a decision should choose. That they must identify themselves with some church was the only requirement.

While the great majority have manifested a preference for St. James the other churches named above are all included.

Twenty seven more decisions were made on Wednesday, eighteen at the evening service and the remaining nine during the day or later in the evening. This brings the total up to 144 and it is believed that the 200 mark will be passed before the close of the services Friday night.

The sermon was preached on Wednesday night by Rev. Dorsey Miller, of Montoursville, and there was the usual good singing. The congregation of the evening was second only to that of Sunday night. Rev. Mr. Miller's text was "Eat, drink and be merry for to-morrow we die."

As an outgrowth of the revival meetings Rev. Mr. Baker to-day organized a "Family Worship League", the idea being to have family worship in as many homes as possible. A series of Scripture readings has been prepared and printed on small cards for distribution to those who wish to have this worship in their homes. The plan will be productive of great good, it is believed, in producing a more profound religious sentiment and a closer touch with things religious for all in whose homes the daily service are held.

The service this evening will be at 7:30. Rev. Mr. Baker will preach.

## LILLIAN NORDICA

First American Singer to Sing Lohengrin.

In the little town of Farmington, Maine, Lillian Norton was born. Later she became known to the world as Madame Lillian Nordica. She studied at the Boston Conservatory of Music, and later in Italy, where her debut at Brescia in "La Traviata" brought her contracts for the Imperial Opera at St. Petersburg and Paris. She was the first American prima donna to sing Wagnerian roles at Bayreuth, the musical shrine of the great composer. She rendered Elsa in "Lohengrin" in 1894. During her operatic and concert career she was one of the most popular and winsome personalities on the musical stage. When the accompanist struck the opening chords of Handel's "Angels Ever Bright and Fair", the song that commanded the heart power of singer and composer, the song that is sung again and again to enraptured auditors, it was a signal for the audience to settle down for a rare treat.

Both the Bridal Chorus from "Lohengrin", and Handel's "Angels Ever Bright and Fair" are given in "Heart Songs" now being almost given away by this paper to its readers. Read and cut the Coupon elsewhere in to-day's issue.

## WILL DISCUSS CURB MARKET

Committee of the Council to Hear Market Men and the Arguments Presented on Both Sides of the Contention.

The curb market contention is to be given a thorough hearing Saturday morning at half past ten o'clock in the office of John D. Keith Esq., chairman of town council's ordinance committee which was instructed at the last meeting to draw up a modified market ordinance.

The evident intent of the council at that time was the abolishment of the curb market but, before any such end may be attained, it will be necessary either to repeal or amend the ordinance under which the market has been conducted for the past few years. The ordinance committee, which consists of Mr. Keith, Mr. Stock and Mr. Bushman, desire to get various views on the question before they take up the work of framing the measure.

The market men or stall holders are requested to take to this meeting several representatives who will present their claims and arguments about the market. The committee will also hear representatives of the market adherents and market opponents in town. It is not planned to have this a free-for-all town meeting but a conference at which each side may have several representatives present.

The threatened action of council in killing the curb market has raised a storm of protests among the county's most active truckers. Some say that, if the market is done away with, they will go to Carlisle market where better prices may be realized at any event. Others say that if there is no organized curb market they will simply grow less fruit and vegetables as they will be able to dispose of much less.

A canvass of the town seems to indicate a substantial majority of persons favoring the retention of the market, properly managed and regulated; arguing that the institution is most desirable but that it must be properly conducted to meet the best interests of all concerned.

## BIGLERVILLE SHOW CAME OUT AHEAD

Poultry and Fruit Show in January Made Money. State's Part of the Expenses over Five Hundred Dollars. The Plans.

The financial statement of the big poultry and fruit show at Biglerville last month was completed on Wednesday and shows a balance in the treasury above all expenses of \$153.07.

The expenses for the year amounted to the large total of \$1761.63 while the money received from all sources reached a total of \$1914.70. Included in this latter amount is the sum of \$522 received from the State of Pennsylvania for cash premiums paid to Adams County exhibitors. The law provides that local associations shall be reimbursed by the State for all such premiums but not for those paid to exhibitors who reside outside of the county in which the show is held.

The Biglerville Agricultural, Horticultural and Poultry Association, which conducted this year's show, looks forward to increasing the scope of the next annual exhibition. In addition to poultry, apples and potatoes there will be prizes offered for oats, wheat, many vegetables and fancy work. Annually this show is coming to take on more the aspect of a county fair and in time may grow to sufficient proportions to be worthy of that title. The next winter's show will be held a month earlier than the last two years, the association voting on the first four days in December, 1914, as the dates, this being declared more desirable on account of the condition of the roads and for the reason that it is more convenient for the exhibition of vegetables and early farm products.

The second annual meeting of the association held in the public school building at Biglerville resulted in the selection of the following officers for the ensuing year: president, E. P. Garretson; first vice president, Curtis Peters; second vice president, C. J. Tyson; third vice president, D. C. Jacobs; treasurer, C. L. Longsdorf; secretary, O. C. Rice; directors, Dr. W. E. Wolff, G. W. Koser, Albert Washington, C. J. Rauscher, C. A. Wolfe, C. A. Raffensperger, E. Blaine Snyder, R. B. Myers, R. H. Lapp, Charles E. Hershey, and Filmore Bream.

The newly elected board of directors will meet the first week in March to make arrangements for this year's show and will be glad to receive suggestions as to methods for enlarging the exhibits. Such suggestions should be placed in the hands of the secretary before that meeting.

The association which has brought about this highly creditable feature of Adams County's farm and orchard business now has a membership of 105.

## WILSON RAPPED IN SENATE DEBATE

Panama Tolls and Suffrage  
Question Start Row.

## HINT AT A SECOND TERM

Senator Bristow Attacks President's  
Policies, While Senator Lodge  
Warmly Defends Them.

Washington, Feb. 19.—President  
Wilson's plan to repeal the Panama  
tolls exemption came in for its first  
senate discussion in a debate in which  
it was characterized by Senator Bris-  
tow, Republican, as an aid to trans-  
continental railroads.

Senator Lodge, Republican, and  
Senator Owen, Democrat, defended the  
president's position, while Senator  
Chamberlain, Democrat, declined to  
agree with it. Mr. Bristow denied  
having impugned the president's mo-  
tives.

Bristow charged President Wilson  
with being inconsistent when he de-  
clined to favor woman suffrage be-  
cause it was not treated in the Dem-  
ocratic platform; while he was asking  
congress to repeal the Panama tolls  
exemption, this being favored in the  
Baltimore platform.

Bristow declared Wilson's attitude  
on the Panama canal plank of the  
Baltimore convention and on the suf-  
frage question had "given us a line on  
some of the peculiar and interesting  
characteristics of our chief executive,  
which may be exceedingly useful to  
the country in the future." He quoted  
the single presidential term plank,  
and asked:

"At the proper time will the pres-  
ident interpret this plank in harmony  
with his position as to suffrage or as  
to canal tolls?"

"The greed of the railroads and the  
audacious claims of Great Britain,"  
he said, "seem for more potent with  
our chief executive than appeals of  
women."

Senator Sutherland declared that  
the most convincing argument for wo-  
man suffrage was the lack of any per-  
suasive argument against it.

When Senator Owen took the floor  
to defend President Wilson the debate  
turned from suffrage to Panama tolls.  
He declared there was likely to creep  
into a party platform some plank not  
fully digested and therefore not to be  
regarded as binding upon the party.

"That question had not been decided  
upon by the national Democracy," said  
he, "I say that the conscience of no  
Democrat is bound by the platform,  
because it does not represent the so-  
ber judgment of the party, but merely  
represents what some persons, who  
found themselves in a position to voice  
the principles of the party, believed  
had been determined upon."

"I am opposed to no tolls. They  
would be unjust to the taxpayers of  
the United States. I do not believe  
one dollar of the exemption to coast-  
wise vessels would ever find its way  
to the ultimate consumer."

Declaring that President Wilson did  
not like to see "the United States in  
the attitude of an outlaw among the  
nations," Senator Lodge, Republican,  
vigorously defended the president.

"It is certain that the president is  
guided in this matter entirely by what  
he thinks is to the honor and the  
credit of the United States in its for-  
eign relations. He has no other object  
in view. I think he has the feeling  
that in one way or another—and I am  
attaching no blame to any one—the  
United States has incurred the disre-  
spect of some of the nations and the distrust  
of some of them, where trust has  
prevalled before."

"He realized that the rightful posi-  
tion of the United States is not to be  
obtained by disregard of international  
obligations or reversing policies long  
held, simply to gratify some passing  
whim."

Senator Lodge added that, as a Re-  
publican, he would not feel bound to  
vote for planks seeking to regulate  
legislation. For one, he felt, he should  
give the president every assistance.

Senator Chamberlain, Democrat, de-  
clared he disagreed with President  
Wilson's views, but did not question  
his motives.

President Wilson held a conference  
with Representative Underwood, to  
which the utmost interest attached,  
because on the outcome appeared to  
hang the answer to the question:  
"Has the president reached a point  
where he must break with congress?"

SENATOR E. D. SMITH.  
Chairman Immigration Committee  
Believes Wilson Will Sign Bill.

Senator E. D. Smith, of South Caro-  
lina, chairman of the committee on  
immigration, has announced that the  
house bill "to regulate the immigration  
of aliens into the United States," with a  
few amendments, would be reported  
favorably. Senator Smith asserted that  
the literacy test will stand as it came  
from the house. This would bar from  
entry all aliens over sixteen years of  
age who cannot read the English lan-  
guage or some other language or dia-  
lect, including Hebrew and Yiddish,  
and Asiatic exclusion. Senator Smith  
and Representative Burnett, who drew  
the house bill, believe that President  
Wilson will sign the immigration  
measure. They know he does not like  
the literacy test, but they expect him  
to sign on the ground that the bill  
will keep out many undesirables and  
bar fewer desirables than any restric-  
tive provision yet offered.

## CASTILLO'S CAPTURE CAUSES BIG SNARL

U. S. Doesn't Know to Whom  
to Surrender Him.

Washington, Feb. 19.—Maximo Cas-  
tillo, the Mexican bandit, who wrecked  
the Cumbre tunnel and caused the  
death of fifty-one persons, including  
sixteen Americans, has furnished the  
latest knot in the Mexican tangle with  
his capture by United States troops in  
New Mexico.

Officials of three departments of the  
government were searching archives  
for precedents to determine what they  
shall do with Castillo.

Diplomatists pointed out that to ex-  
tradite Castillo to the Constitutional  
ists might be construed as a recogni-  
tion of their belligerency. There was  
no indication that the Huerta govern-  
ment would ask for the bandit. To  
keep him a prisoner in the United  
States would permit him to escape  
from his crimes in Mexico, for he can-  
not be tried in this country for mur-  
ders committed across the Rio Grande.

One way out, seemed to be for the  
immigration authorities to put the  
bandit across the border, deporting  
him as an undesirable alien. In that  
event Castillo probably would fall into  
the hands of General Villa, who has  
promised him a public execution in  
Juarez.

At any rate it appeared that Cas-  
tillo will be held prisoner by the  
United States until John Bassett  
Moore, counselor for the state depart-  
ment, decides what disposition should  
be made of him.

Joy In McKeesport When Big Steel  
Furnace Is Lighted.

McKeesport, Pa., Feb. 19.—There  
was joy in this city when No. 3 fur-  
nace at the Monongahela furnace  
plant of the National Tube company  
was lighted.

In less than two weeks the product  
of the furnace will furnish enough ma-  
terial to operate the big plant of the  
tube company in full for the first time  
since early last fall.

New orders for material is the cause  
for the resumption, and over 8000  
men will be at work again before  
March 1.

## GORE VICTIM OF PLOT, JURY FINDS

Blind Senator Wins \$50,000  
Suit Brought by Woman.

## OUT ONLY TEN MINUTES

The Defense Charges an Oklahoma  
Lawyer With Planning the Conspir-  
acy.

Oklahoma City, Okla., Feb. 19.—Out  
only ten minutes, the jury returned a  
verdict in favor of United States Sen-  
ator Gore, in the suit of Mrs. Minnie  
E. Bond, to recover \$50,000 damages  
for an alleged attack on her in a  
Washington hotel last March. Only one  
ballot was taken.

"We find," the jury stated in the  
verdict, "the evidence submitted by the  
plaintiff entirely insufficient upon  
which to base a suit; that said evi-  
dence wholly exonerates the defendant  
and had the defendant, at the conclu-  
sion of the plaintiff's evidence, an-  
nounced that he desired to introduce  
no evidence and rested his case, our  
verdict would have been the same in  
that event as now returned by us, in  
favor of the defendant."

At his final words, "in favor of the  
defendant," those near the front of  
the room heard Mrs. Gore utter a  
satisfied cry as she leaped from her chair,  
grasped the hand of Senator Gore and  
whispered something into his ear.

When she turned and shook hands  
with Henry Carpenter, the foreman of  
the jury, tears were streaming down  
the faces of both she and the aged  
farmer. Senator Gore merely smiled.  
Simultaneously with the cry of Mrs.  
Gore, a great cheer arose from the  
spectators. Hats were thrown to the  
ceiling and the court house rang with  
the name of Gore. Women laughed and  
cried as they pushed forward with  
hundreds of men in an attempt to of-  
fer their congratulations to Senator  
and Mrs. Gore.

Six of the twelve hours allotted by  
Judge Clark for argument remained  
when court convened. In anticipation  
that the case would go to the jury be-  
fore the day ended, the largest crowd  
that has yet gathered at a session of  
the trial was in the courtroom.

The charge that J. F. McMurray, an  
Oklahoma lawyer, now living in  
Washington, planned the alleged con-  
spiracy against Senator Gore, was  
made before the case had reached the  
jury.

Robert L. Rogers, an attorney for  
the defense, in addressing the jury,  
said that several years ago McMurray  
sought to prosecute claims for nearly  
\$3,000,000 fees from Indians of Okla-  
homa in connection with the transfer  
of their lands. He asserted that Sen-  
ator Gore opposed McMurray's claims  
and in retaliation the conspiracy had  
been planned.

"Oklahoma has a home for such con-  
spirators," he shouted. "It is over at  
McAlester." The state penitentiary is  
located at McAlester.

## THE MACKAYS DIVORCED

New York Society Couple Get Decree  
In Paris.

New York, Feb. 19.—Advice received  
in New York brought the informa-  
tion that Mr. and Mrs. Clarence  
Mackay have obtained a French de-  
cree of divorce in Paris. The decree,  
signed by the French tribunal, was  
handed down within the last few days.  
This is the sudden culmination of  
trials to Europe that were taken by  
Mr. and Mrs. Mackay. She went to  
Paris last December for the express  
purpose, it was announced, of taking  
up a legal residence that the suit  
might be filed.

Five weeks ago Mr. Mackay sailed  
for Paris and was served with a sum-  
mons. He appeared personally in the  
court, but offered no opposition. The  
decrees, according to the advices,  
gives both parties the right to re-  
marry.

The custody of the Mackay children  
was awarded to Mr. Mackay, but Mrs.  
Mackay is given the right to visit the  
children at any time and to take them  
on outings whenever she chooses.

The divorce was obtained by mutual  
agreement between the millionaire  
cable owner and his wife.

## OCEAN LINERS COLLIDE

Madonna Forced to Dock, While Celtic  
Is Damaged About Hull.

Naples, Feb. 19.—The White Star  
liner Celtic collided with the Fabre  
liner Madonna here, and both vessels  
were seriously damaged.

The Madonna's anchor chain was  
broken and she suffered considerable  
injury. She was unable to leave for  
New York, for which port she was to  
have departed with a large number of  
emigrants. She has been docked for  
repairs.

The Celtic was seriously damaged  
about the upper hull, but is believed to  
have been only slightly injured below  
the water line. She also was bound  
for New York.

Carnegie Hero Acquitted of Murder.  
Aberdeen, Md., Feb. 19.—Giuseppe  
Rappazzo was acquitted by a jury of  
the murder of Carlo Olympia at the  
P. W. & B. R. crossing at Aber-  
deen, the plea being self-defense. The  
shooting was the climax of a series of  
quarrels. Rappazzo is a Carnegie  
medal hero.

## WORK OF PARDON BOARD

Erjaevicz Must Die, But Henderson's  
Death Sentence Is Commuted.

Harrisburg, Pa., Feb. 19.—The state  
board of pardons declined to recom-  
mend a pardon for Joseph Erjaevicz,  
of Westmoreland county, after a stay  
of execution had been granted to him  
six times to allow his case to go be-  
fore the board.

Erjaevicz is to be hanged on Feb.  
23. The case has been before the  
board since May and has been twice  
refused.

The board recommended commu-  
tation of the death sentence of George  
Henderson, of Cambria county, con-  
demned to be hanged on Feb. 25, fol-  
lowing an investigation made into his  
mental condition.

The action of the board on other  
cases was as follows:

Recommended—Abraham Rosenthal,  
Berks, second degree murder; De-  
nato Tucci, Cambria, second degree  
murder; Philip Besparaks and John  
Petrovich, Chester, assault and bat-  
tery; Jennie Strickland, Erie, larceny;  
M. Della Custard, Erie, receiving stol-  
en goods; Charles Todd, Mercer, lar-  
ceny; Raffle de Fozie, Luzerne, sec-  
ond degree murder; Reed Cullom, of  
Philadelphia, assault; Charles Trate-  
ler, Philadelphia.

Refused—William Grauman, Lack-  
awanna, forgery; David Reifsnyder,  
Berks, robbery; Frederick Schmidt,  
Philadelphia, burglary; Frank Di Ro-  
gatis, Philadelphia, conspiracy.

Rosenthal, who was pardoned, killed  
his brother-in-law at Reading. He said  
the man had not treated his wife,  
Rosenthal's sister, as he should.

## JOHN D.'S SON-IN-LAW PLANS FLIGHT OVER SEA

McCormick to Use Largest  
Aeroplane Ever Built.

Chicago, Feb. 19.—Harold F. Mc-  
Cormick, aeroplane enthusiast, and  
son-in-law of John D. Rockefeller, who  
has already installed hydroaeroplane  
transportation from his home in a  
northern suburb to downtown Chicago,  
plans to attempt a flight across the  
Atlantic ocean in the largest aéro-  
plane yet built.

Mr. McCormick, with Charles Dick-  
inson, president of the Chicago Aéro-  
plane club, is now on his way to  
Miami, Fla., where the plans for build-  
ing and launching the trans-Atlantic  
aeroplane are to be perfected.

According to information given to  
airmen, C. C. Witmer, Lincoln  
Beachley and Tony Steadman are to  
be the pilots in the flight, with Jay J.  
McCarthy as navigator.

Gasoline tanks, which can be drop-  
ped when their contents are exhaust-  
ed, were said to be an integral part  
of the equipment proposed for the aéro-  
plane, whose wings will spread for  
forty-eight feet from tip to tip. A wire-  
less outfit with a hundred-mile radius  
was to be installed.

## SEATON SIGNS WITH FEDERALS

Phillies' Star Pitcher Goes to Outlaws  
at Salary of \$7000 a Year.

Philadelphia, Feb. 19.—According to  
dispatches from Chicago, "Tom" Seaton,  
one of the Phillies' most depend-  
able pitchers, has signed a contract to  
pitch for the Brooklyn Federal league  
club, claiming that he had not come to  
any agreement with the Phillies for  
1914.

Seaton's salary with the Brooklyn  
club, it is said, will be \$7000 a year.  
He was paid one year's salary in ad-  
vance.

Seaton some time ago named the  
terms under which he would continue  
as a member of the Philadelphia Na-  
tional league club, and the terms were  
accepted.

**LADIES! DARKEN  
YOUR GRAY HAIR**

Use Grandma's Sage Tea and Sulphur Recipe and Nobody will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy", you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair. A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant.

Thackeray stands alone, according to a gathering of unconsidered trifles, in that he is about the only man of genius who possessed yellow hair.

### Have Pretty Hair

Thick, Soft, Fluffy, and no Dandruff—Use Parisian Sage.

If your hair is losing its natural color, coming out and splitting, or lacks that enviable softness, gloss and beauty, do not despair—pretty hair is largely a matter of care. If it is too thin make it grow. If it is harsh and brittle soften it up—lubricate it. If you have dandruff it is because the scalp is too dry and flakes off. Freshen up the scalp with Parisian Sage and all dandruff disappears, falling hair and itching head cease, your hair is doubtfully beautiful.

Parisian Sage, sold by People's Drug Store and at all drug counters, is just what you need—a large bottle costs but 50 cents. It surely makes the hair lustrous and seem twice as abundant. You cannot be disappointed in Parisian Sage.

## SEES NO HOPE OF COAL AGREEMENT

Lewis Don't Believe Bituminous Operators Will Grant Demands.

## ANTHRACITE MEN CONFER

Board of Conciliation Holds Special Meeting in Philadelphia to Take Up "Check-Off" System.

Philadelphia, Feb. 19.—Doubt that the coal operators in the bituminous fields in this state, Indiana, Ohio and Illinois will grant the demands which representatives of the United Mine Workers of America have made upon them was expressed in a statement given out by Thomas Lewis, the former president of the miners' union.

The statement was made in reference to the meeting of the sub-committee of sixteen operators and miners in another effort to reach an agreement on demands for higher wages and other concessions to replace the agreement which expires April 1.

"The operators insist," said Lewis, "on knowing what are the mine-run passes which the miners' representatives expect to be made effective. The representatives are unwilling to give this information without coupling other matters which affect the terms of any agreement which may be negotiated."

"The Ohio and Pennsylvania operators are determined not to agree to a mine-run system. The situation has been further complicated by the enactment of a law in Ohio requiring that all coal shall be weighed and paid for before it is screened."

"There is another very serious obstacle to the reaching of an agreement, and that is the demand of the miners' representatives for the 'check-off' method of collecting the dues and assessments of members of the organization."

"The operators are not strenuously opposed to the 'check-off' system, if it were not for the fact that mine owners in states outside of those represented here threatened to file suit under the provisions of the Sherman anti-trust act against any operator who negotiates wage contracts and makes a part of these contracts a provision to collect dues and assessments in an unlimited amount."

The mine-run demand was debated by the committee, but no agreement was reached, and it was passed over. The demand for a flat five cents a ton increase at the basing point was also discussed. One of the operators on the committee said that thus far there was no prospect of an agreement unless the miners should modify their demands.

One of the most strenuous fights between the coal operators and the miners over the check-off system was begun at a special meeting of the conciliation board, composed of operators and miners in the anthracite coal fields in the offices of the Lehigh Coal and Navigation company.

Hope for an amicable adjustment of the dispute over the "check-off" system was expressed by John Mitchell, former president of the miners' union, just before this meeting.

The miners' representatives made no secret of the fact that the last tution of the "check-off" system is what they wanted to talk to the operators about.

The chief objection of the operators to granting the "check-off" are that it would constitute recognition of the union; that a Pennsylvania law requires that employers shall pay all of a man's money to the man in cash, and that further it is not their business or duty to collect dues for the union.

## HOUSE PASSES BILL FOR ALASKAN R. R.

Act Authorizing \$35,000,000 Goes Through.

Washington, Feb. 19.—The administration Alaskan railroad bill, authorizing the president to construct a \$35,000,000 railroad from Alaska's coast to its great coal fields, was passed by the house by a vote of 239 to 87.

A similar measure already has passed the senate, and the bills will be taken up in conference between the two houses, with a view to sending it quickly to the president, who has signified his intention of signing it.

At the eleventh hour, after a sharp parliamentary skirmish, the house eliminated from the bill, as reported by the territories committee, a provision authorizing a bond issue of \$35,000,000 to finance the railroad and to be paid off by the proceeds of government land sales in Alaska.

The senate bill provided for a \$40,000,000 bond issue. Representative Fitzgerald, of New York, led a fight which resulted in striking out the entire bond provision from the bill.

Under the amended measure the project would be financed out of the currency funds in the treasury, the president being limited to \$25,000,000, and \$10,000,000 being appropriated for immediate expenses. Congress would appropriate each year the amount estimated to be necessary for the construction of the road.

The bill provides for the construction of a road "not to exceed 1000 miles, to be so located as to connect one or more of the open Pacific ocean harbors on the southern coast of Alaska, with the navigable waters in the interior of Alaska, and with a coal field or fields yielding coal sufficient in quality and quantity for naval use, so as to best aid in the development of the agricultural and mineral or other resources of Alaska."

## VANDERBILT HOME BURNED

Mansion at Jericho, L. I., With Art Treasures, Destroyed by Fire.

Jericho, L. I., Feb. 19.—The country home of Mrs. William K. Vanderbilt, Jr., valued, with its furnishings and art treasures, at about \$250,000, was destroyed by fire.

The only occupants were a caretaker and domestics left to look after the property. The caretaker attributed the blaze to an overheated furnace.

The fire departments of Hicksville and Westbury were called, but on account of the snow-clogged roads they were unable to drag their apparatus to the scene.

The house was started last year at a cost of about \$100,000, and later costly additions were made. It had sixty rooms. The walls were hung with rare tapestries and valuable oil paintings.

The home was completed only two weeks ago. Mrs. Vanderbilt entertained there at Christmas, when work on the building was suspended. She had planned another visit this week to give a sleighing party.

## Women Lose in South Africa.

Cape Town, South Africa, Feb. 19.—A bill for the enfranchisement of women in the Union of South Africa, which was introduced in the house of assembly, was defeated on the first reading by the narrow margin of 43 to 42.

## Woodchoppers Frozen to Death.

### Have Pretty Hair

Thick, Soft, Fluffy, and no Dandruff—Use Parisian Sage.

If your hair is losing its natural color, coming out and splitting, or lacks that enviable softness, gloss and beauty, do not despair—pretty hair is largely a matter of care. If it is too thin make it grow. If it is harsh and brittle soften it up—lubricate it. If you have dandruff it is because the scalp is too dry and flakes off. Freshen up the scalp with Parisian Sage and all dandruff disappears, falling hair and itching head cease, your hair is doubly beautiful.

Parisian Sage, sold by People's Drug Store and at all drug counters, is just what you need—a large bottle costs but 50 cents. It surely makes the hair lustrous and seem twice as abundant. You cannot be disappointed in Parisian Sage.

### Positive Proof

Should Convince the Greatest Skeptic in Gettysburg

Because it's the evidence of a Gettysburg citizen.

Testimony easily investigated. The strongest endorsement of merit. The best proof. Read it:

Mrs. Mary Ohler, 1477 Hanover street, Gettysburg, Pa., says: "I was troubled by disordered kidneys for over a year. My back ached constantly and pains extended from my loins into my head. I had chills and dizzy spells and was bothered by kidney secretions. Doan's Kidney Pills were so highly recommended that I finally procured a box at the People's Drug Store and commenced using them. A few doses brought relief and after continuing the use of this remedy for a short time, all symptoms of the trouble disappeared."

A WILLING CORROBORATION  
A few years later when Mrs. Ohler was interviewed, she said: "I heartily recommend Doan's Kidney Pills again and confirm all I have previously said about them. This remedy should have permanent place in every household."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
